For safe use of this product, carefully read the following section of this manual and the Precautions section of the instruction manual supplied with the PSP® (PlayStation®Portable) system before use. Retain both this software manual and the instruction manual for future reference.

## ⚠ WARNING: PHOTOSENSITIVITY/EPILEPSY/SEIZURES

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. IMMEDIATELY DISCONTINUE use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness
- altered vision
- eye or muscle twitches
- loss of awareness
- disorientation
- seizures
- any involuntary movement or convulsion

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.

### Use and handling of video games to reduce the likelihood of a seizure

- Use in a well-lit area and keep a safe distance from the screen.
- Avoid prolonged use of the PSP® system. Take a 15-minute break during each hour of play.
- Avoid playing when you are tired or need sleep.

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

Do not use while driving or walking. Do not use in airplanes or medical facilities where use is prohibited or restricted. Set the PSP® system's wireless network feature to off when using the PSP® system on trains or in other crowded locations. If used near persons with pacemakers, the signal from the PSP® system's wireless network feature could interfere with the proper operation of the pacemaker.

## Use and handling of UMD™

• This disc is PSP® (PlayStation®Portable) format software and is intended for use with the PSP® system only. If the disc is used with other devices, damage to the disc or to the device may result. • This disc is compatible for use with the PSP® system marked with FOR SALE AND USE IN U.S. ONLY. • Depending on the software, a Memory Stick Duo™ or Memory Stick PRO Duo™ (both sold separately) may be required. Refer to the software manual for full details. • If paused images are displayed on the screen for an extended period of time, a faint image may be left permanently on the screen. • Do not leave the disc in direct sunlight, near a heat source, in a car or other places subject to high heat and humidity. • Do not touch the opening on the rear of the disc (recording surface of the disc; see drawing). Also, do not allow dust, sand, foreign objects or other types of dirt to get on the disc. • Do not block the opening with paper or tape. Also, do not write on the disc. • If the opening area does get dirty, wipe gently with a soft cloth. • Do not use solvents such as benzine, commercially-available cleaners not intended for CDs, or anti-static spray intended for vinyl LPs as these may damage the disc. • Do not use cracked or deformed discs or discs that have been repaired with adhesives as these may cause console damage or malfunction. • SCE will not be held liable for damage resulting from the misuse of discs.

### Ejecting the disc

Press the right side of the disc until it is in the position shown in the drawing and then remove it. If excess force is applied this may result in damage to the disc.

### Storing the disc

Insert the bottom side of the disc and then press on the top side until it clicks into place. If the disc is not stored properly, this may result in damage to the disc. Store the disc in its case when not in use and keep in a place out of the reach of children. If the disc is left out this may result in warping or other damage to the disc.

# GETTING STARTED

## Right side view

## Front view

Set up your PSP® (PlayStation®Portable) system according to the instructions in the manual supplied with the system. Turn the system on. The power indicator lights up in green and the home menu is displayed. Press the OPEN latch to open the disc cover. INSERT Brunswick Pro Bowling disc with the label facing away from the system, slide until fully inserted and close the disc cover. From the PSP® system's home menu, select the Game icon and then the UMD icon. A thumbnail for the software is displayed. Select the thumbnail and press the  $\otimes$  button of the PSP® system to start the software. Follow the on-screen instructions and refer to this manual for information on using the software.

**NOTICE:** Do not eject a UMD™ while it is playing.

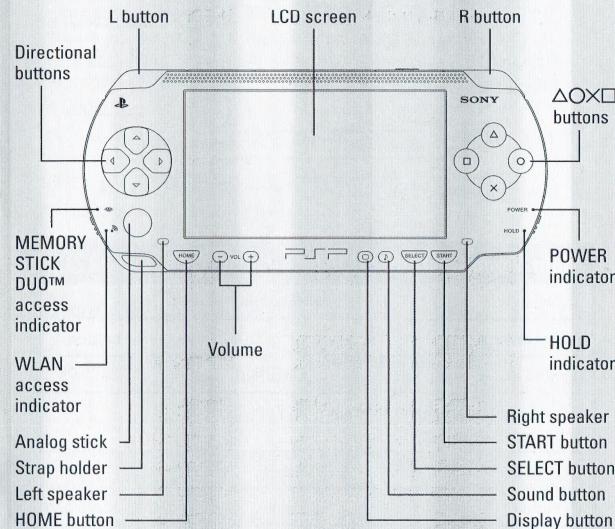

## Memory Stick Duo™

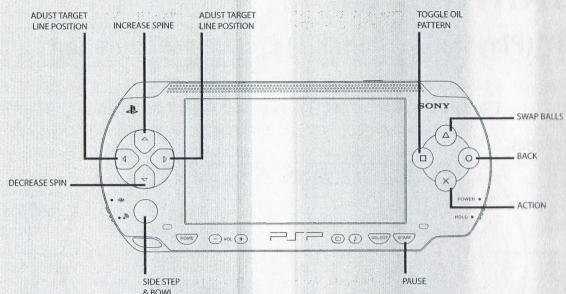

*Warning! Keep Memory Stick Duo media out of reach of small children, as the media could be swallowed by accident.*

To save game settings and progress, insert a Memory Stick Duo into the memory stick slot of your PSP® system. You can load saved game data from the same memory stick or any Memory Stick Duo containing previously saved games.

## Game Overview

Want the chance to play in pro bowling Tournaments?

Brunswick Pro Bowling gives you the chance to compete in local Leagues all the way up to the Pro Challenges. Customize your own unique character, buy authentic Brunswick gear, build your reputation...but don't let it get to your head, because challenges like other great bowlers and varying lane oil patterns can ruin your game at any time. Work your way through the Leagues and Tournaments in Career mode or use Practice mode to improve your skills with different bowling pin configurations. The better you play, the more hidden lanes and items become unlocked. Get set for the fun and challenges of Brunswick Pro Bowling.

## Options

From the Main Menu, select Options to modify game settings. This also displays the PSP Controller diagram with the various controls for gameplay.

Music	Scroll Left or Right to adjust the volume of the music played during gameplay. The default is 50% music volume.
Sound FX	Scroll Left or Right to adjust the volume of sounds (such as pins dropping) during gameplay. The default setting is at 50% sound volume.
Autosave	Select ON to automatically save changes throughout the game (requires PSP Memory Duo). The default setting is ON.
Animations	Select ON to show the congratulatory bowling screens after each spare or strike is thrown. The default setting is ON.
Tips and Hints	Select ON to display help over the course of gameplay. The default setting is ON.
Vertical Orientation	This changes the bowling perspective between vertical and horizontal views.

## Gameplay

Your score per frame is displayed in the upper left menu. Select **X** (R in Vertical Play) to set up your approach.

- Toggle between ball types by pressing **A**. Quick Play mode uses one default ball. Career mode allows for up to two balls during play (choose your balls from the Pro Shop).
- Press the directional button UP or DOWN to increase or decrease the ball's spin. The amount of spin is displayed in green on the spin meter.
- To view the lane's oil pattern, press and hold **A** (**X** in Vertical Play). This impacts how your ball will roll down the lane.
- Press the left or right directional buttons to control your aim on the lane.
- Use the analog stick to control your lane position.
- Once you are comfortable with your setup, press **X** (R in Vertical Play) to bowl.
- To start your approach, press DOWN on the analog stick. Your accuracy and gameplay improves the closer you reach the green hot spot on the meter.
- Press the analog stick UP to swing down and release the ball.
- To exit and return to the previous menu, press START and select Quit Game.

## Game Mode: Quick Play

From the Main Menu, select Quick Play to head straight to bowling. Up to 4 players can play in this mode. When 2-4 players are selected (Multiplayer Mode), each player takes turns. The player with the highest score after 10 frames is the winner.

- For each player, toggle Left or Right to select from pre-made bowlers (including any configured bowlers from Career Mode).
- To change the player's preferred bowling hand, press **D**.
- Select the Game Type by toggling Left or Right. Select Pin Select to modify the pins to practice your hooks or choose Standard to play with all 10 pins.
- To exit and return to the previous menu, press START and select Quit. The current score per frame is displayed.

## Game Mode: Career

Build your bowling career starting from amateur league nights up to pro tournaments to become the Brunswick Pro Bowling Champion. By winning matches, leagues, and tournaments, you will increase your reputation, bowling average, and earnings.

With your earnings, you can buy items from the Pro Shop and pay the entry fee for tournaments. Your earnings and reputation will also unlock additional tournaments, lanes, and special merchandise from the Pro Shop.

## Customize Your Character

- Select Career from the Main Menu. Load an existing character, or select New to customize a new character.
- Create a new bowler by naming your character and choosing physical attributes (such as gender, hairstyle, and clothing).

## Visit the Pro Shop

From the Career menu, select Pro Shop. At the Pro Shop, you can purchase Brunswick bowling balls, shirts, shoes, and accessories. Certain items in the Pro Shop increase your attributes. As you gain more money and gain your reputation, more items are unlocked for purchase. The purchase price is displayed in the top right corner.

- To buy an item, press **X**.
- To equip your bowler with an item purchased for the next game, press **X** again. The items you currently have for your next game are labeled Equipped as you scroll through available inventory for purchase.
- Select **○** when complete.

## League and Tournament Games

From the Career menu, choose Select Event. A calendar displays your current bowling schedule. Your score, earnings, and reputation increase when you play in league nights. This will entitle you to enter tournaments and play in more advanced leagues. If you don't have enough money or points to enter a tournament, you will continue to play league nights until you qualify.

- To play in the league night or tournament for that day, select Go to Event.
- To skip a night of play, press Forfeit. This will simulate other league members' scores for that day.
- Visit the Pro Shop to equip yourself with items for the next league night or tournament.

## Bowler Overview

From the Career menu, select Overview to display your statistics, earnings, and other rankings.

- Select Statistics to view your statistics, titles, money earned, and other significant bowling information.
- Select Trophies to view the trophies and awards you have won.
- Select **○** to return to the Career menu.

## League Standings

From the Career menu, select League Standings to display your standing within the league, as well as the standings of other top bowlers in your league.

## Practice Games

From the Career menu, select Practice to improve your game between league nights and tournaments. There are two game types to toggle between: Pin Select and Standard.

- Pin Select allows you to set the pin configurations to practice a variety of potential shots.
- Standard sets up all 10 pins as in standard game play. This game helps you gain reputation points and improve your skill.

## Game Mode: Ad Hoc

Brunswick Bowling supports Wi-Fi functionality. This allows you to communicate with other PSP systems and compete with another PSP bowler.

## Hosting a Multiplayer Game

To host a multiplayer game:

- From the main menu, select "Ad-Hoc" and press **X**.
- This will take you to the select Bowler screen, once you have selected your bowler press **X**.
- Select "Host Game" and press **X**.
- Select the number of players and bowling location and press **X** to choose your bowler.
- Wait for other players to join your game.
- If you decide you do not want to host a game, press **○** to cancel.
- When ready to launch the game, press **START**.

*Note: There can be a maximum of 4 players in any multiplayer game.*

## Joining a Multiplayer Game

To join a multiplayer game:

- From the main menu, select "Ad-Hoc" and press **X**.
- This will take you to the select Bowler screen, once you have selected your bowler press **X**.
- Select "Join Game" and press **X**.
- Select the game you wish to join from the list and press **X**.
- Once in press **X** to confirm.
- Wait for the host to launch the game
- If you decide you do not want to play in this game, press **○** to cancel.

## Character Attributes

As you advance through Career Mode, you are awarded skill points after achieving significant milestones. Use these skill points to upgrade your bowler's performance attributes. These attributes dynamically affect the feel of your bowler. This makes each bowling experience different from one another when launching balls down the lane.

Arm Strength	Heavier bowling balls combined with speed results in more force applied to the pins. With increased strength, you can select heavier balls and still maintain ball speed.
Accuracy	Represents your hand-eye coordination.
Hook Control	Denotes your ability to apply a spin or hook to the ball while still maintaining accuracy.
Stamina	With increased stamina, you can maintain your arm strength and control during long tournaments. As your bowler tires and decreases in stamina, the size of the green sweet spot during bowling decreases.
Reputation	Increase or decrease reputation by winning/losing tournaments, beating/losing to specific competitors, and various other factors. A high reputation provides you access to special invitational tournaments, sponsors, and also increases the odds of rivals challenging you to head-to-head showdown.

## Oil Patterns

When setting up for your throw, press and hold **□** (**X** in Vertical Mode). The variation in oil pattern displays. Use this as a guide to how you should prepare as well as what Brunswick bowling balls to use for that pattern.

Patterns vary from very forgiving patterns (allowing for straight shots with little hook) to difficult oil patterns (requiring specific hooks and aiming down the lane).

# Unlockable Items

As you improve and move up the ranks, your earnings and reputation increase. This allows you to purchase locked items from the Pro Shop. Some of these items will improve your game; other items will increase your reputation. There are also Brunswick exclusive items available in the Pro Shop.

## The following events allow you to purchase locked items from the Pro Shop:

First place tournament win

#1 in league standings at end of the season (Amateur Division only)

#1 in tournament career average at end of the season (Pro Division only)

Defeat a rival

## The following scores and bowling tricks unlock items:

1st 300+ game

1st 275+ game

1st 250+ game

1st 225+ game

1st 200+ game

1st 150+ game

1st "Turkey" (3 strikes in a row)

1st "6-Pack" (6 strikes in a row)

Gaining reputation points also unlocks items available for purchase at the Pro Shop.

# Bowling Rules and Scoring

Each game consists of 10 frames. In each frame, you have two chances to knock as many of the 10 available pins you're your bowling ball. In general, one point is scored for each pin knocked over (with additional points provided for strikes and spares).

A strike occurs when all 10 pins are knocked down with the first ball. 10 points are awarded, plus the score of the next two balls (i.e. the points scored for the next two balls are counted twice). If there are pins remaining after the first throw, you may bowl a second time for that frame. A spare occurs when any remaining pins are knocked down after the second throw. Bonus points are granted for both strikes and a spares. An open frame occurs if there are any remaining pins after the second ball is thrown.

Brunswick Pro Bowling automatically calculates the score during gameplay, as well as other bowling statistics such as averages and number of strikes accomplished.

## Updating the PSP® (PlayStation®Portable) system

### Updating the PSP® system software

This UMD™ includes the latest update data for the PSP® system. If a screen prompting you to update the system software is displayed when you start the UMD™, you must perform an update to start the software title contained on the UMD™.

### Performing the update

When you insert the UMD™, an icon (as shown on the right) is displayed under [Game] in the home menu. Select the icon, and then follow the on-screen instructions to perform the update.

#### Before starting the update:

- Fully charge the PSP® system battery.
- Connect the AC adaptor to the system and plug it into an electrical outlet.

#### During an update:

- Do not remove the AC adaptor, turn off the system or remove the UMD™.
- If an update is canceled before completion, the system software may become damaged, and the system may require servicing to repair or exchange.

### Checking that the update was successful

After the update has been completed, select [System Settings] under [Settings] from the home menu, and then select [System Information]. If the System Software field displays the version number of the update, the update was successful.
